Jeffery Mandell is founder and President of The ERISA Law Group, P.A. Since 1982, he has concentrated his practice solely on retirement plans, welfare plans, and other ERISA and deferred compensation matters. His practice extends to 401(k), profit sharing, 457, pension, 403(b), cross-tested, cafeteria, ESOP, nonqualified deferred compensation, governmental, health, welfare, and prototype plans. He represents individuals, employers, tax-exempts, governmental entities, and associations. He also represents pension professionals and organizations that offer plan services, such as financial institutions, third-party administrators, accountants, attorneys, and plan consultants.

Mr. Mandell is a nationally recognized practitioner, speaker, and author on ERISA topics, and has been voted each year by his peers to be listed in the *Best Lawyers in America* since 1995. He was an Adjunct Professor at the University of Idaho College of Law and at the University of Wisconsin Law School. His textbook regarding ERISA plan administrative and legal matters was published in 1998 by Panel Publishers, and Mr. Mandell is the founder of Employee Benefit Publications and Seminars. Mr. Mandell, along with his partner John Hughes, is the editor and architect of the *401(k) Advisor, The Insider's Guide to Plan Design, Administration, Funding & Compliance*, a monthly journal published by Wolters Kluwer Law & Business. Mr. Mandell formerly was a partner and head of the Employee Benefits practice group at several law firms (including Hawley Troxell Ennis & Hawley in Boise, Idaho and Boardman, Suhr, Curry & Field in Madison, Wisconsin). Prior to that, he was a Vice President at Pension Publications of Denver.

Mr. Mandell's primary focus is twofold: • he solves employee benefit problems, and • he assists clients in achieving their employee benefit objectives. With an understanding of the parameters of the law, he seeks to find and create opportunities for clients. At the same time, he helps his clients to keep their plans in compliance with ERISA's numerous, ever-changing requirements. Mr. Mandell complements his technical expertise with a practical approach based on over 33 years of a practice devoted to ERISA.

Creativity, passion, dedication to clients and the achievement of his clients' objectives perhaps best describes Mr. Mandell's practice.
